MICHAEL ANDERSON

3D VISUALIZATION ANIMATOR

Visionary 3D Animator with extensive experience in architectural visualization and product animation, known for translating complex concepts into visually digestible animated narratives. Expertise in software such as 3ds Max and SketchUp allows for the creation of detailed and realistic animations that aid in client presentations and marketing strategies. Demonstrated ability to collaborate with architects and designers to deliver animations that accurately reflect design intent while enhancing user understanding.

PROFESSIONAL EXPERIENCE

Architectural Animation Co.

Mar 2018 - Present

3D Visualization Animator

- Produced detailed architectural animations for client presentations and marketing materials.
- Collaborated with architects to accurately represent design concepts through animation.
- Utilized 3ds Max and V-Ray to create photorealistic visualizations.
- Managed project timelines and ensured adherence to client specifications.
- Incorporated client feedback into animations to refine and enhance final products.
- Developed innovative techniques to streamline the animation production process.

Product Design Innovations

Dec 2015 - Jan 2018

3D Animator

- Created engaging product animations for marketing and instructional purposes.
- Collaborated with product teams to ensure animations accurately depicted product features.
- Utilized SketchUp and Adobe After Effects for seamless animation integration.
- Conducted user testing to gather insights and refine animations accordingly.
- Maintained a high standard of quality and consistency across all animations.
- Presented animation concepts to stakeholders and incorporated feedback effectively.

ACHIEVEMENTS

- Awarded Best Animation for Architectural Visualization at the Design Awards 2022.
- Increased client satisfaction ratings by 30% through enhanced animation presentations.
- Successfully completed over 50 high-profile projects within budget and timeline constraints.
