

MICHAEL ANDERSON

Senior 3D Modeler

San Francisco, CA • (555) 234-5678 • michael.anderson@email.com • www.michaelanderson.com

SUMMARY

Exemplifying a profound mastery in 3D modeling, this professional has developed an impressive portfolio that highlights creativity and technical prowess. With extensive experience in utilizing advanced software tools, the individual has consistently delivered intricate designs that resonate with aesthetic appeal and functional precision. Demonstrated ability to collaborate with cross-functional teams to conceptualize and execute projects that meet strict deadlines while adhering to budget constraints.

WORK EXPERIENCE

Senior 3D Modeler Creative Studios Inc.

Jan 2023 - Present

- Designed and developed high-fidelity 3D models for various multimedia projects.
- Collaborated with animators and designers to ensure visual consistency across all platforms.
- Utilized software such as Maya and ZBrush to create detailed character models.
- Implemented feedback from clients, enhancing model accuracy and realism.
- Managed project timelines to meet delivery deadlines without compromising quality.
- Conducted training sessions for junior modelers on best practices and software tools.

3D Artist Visual Effects Co.

Jan 2020 - Dec 2022

- Created 3D assets for feature films, contributing to award-winning visual effects.
 - Collaborated with directors to interpret artistic visions into 3D representations.
 - Executed texture mapping and lighting to enhance model realism.
 - Participated in brainstorming sessions, providing innovative ideas for project development.
 - Optimized models for real-time rendering in various game engines.
 - Maintained a robust library of assets for future projects to streamline production processes.
-

EDUCATION

Bachelor of Fine Arts in 3D Modeling, University of Arts, 2017

Sep 2019 - Oct 2020

ADDITIONAL INFORMATION

- **Technical Skills:** 3D modeling, ZBrush, Maya, Blender, Unreal Engine, project management
- **Awards/Activities:** Awarded 'Best 3D Model' at the International Animation Festival, 2021.
- **Awards/Activities:** Increased asset production efficiency by 30% through streamlined workflows.
- **Awards/Activities:** Recognized for outstanding contribution to a film that received an Academy Award nomination.
- **Languages:** English, Spanish, French
