EDUCATION

**MASTER OF SCIENCE IN
INSTRUCTIONAL DESIGN, TECH
UNIVERSITY**

ACHIEVEMENTS

- Recognized as 'Innovator of the Year' by the International Distance Education Association.
- Secured \$100,000 in funding for the development of online resources.
- Increased student engagement metrics by 45% through targeted initiatives.

PROFILE

Results-driven Academic Coordinator with over 10 years of experience in educational program development. Specializing in online education and distance learning initiatives, I have successfully led projects that expanded access to quality education for non-traditional students. My background in instructional design allows me to create engaging educational experiences that cater to diverse learning styles.

EXPERIENCE

ONLINE LEARNING COORDINATOR

Virtual University

2016 - Present

- Launched a fully online degree program that attracted over 1,000 new students in the first year.
- Collaborated with subject matter experts to develop high-quality online courses.
- Implemented a learning management system that improved course completion rates by 35%.
- Designed and delivered training sessions for faculty on best practices in online pedagogy.
- Conducted data analysis to optimize course offerings based on student feedback and performance.
- Established a virtual support center for students, enhancing their learning experience.

PROGRAM DEVELOPMENT SPECIALIST

Global Education Solutions

2014 - 2016

- Developed and managed educational programs for professionals, resulting in a 50% increase in enrollment.
- Introduced innovative assessment methods that improved learner outcomes.
- Coordinated partnerships with industry leaders to align curriculum with workforce needs.
- Facilitated workshops and webinars, reaching a global audience of over 2,000 participants.
- Conducted market research to identify trends in continuing education.
- Authored several publications on best practices in online education.
