Strategic and detail-oriented Academic Publications Specialist with over 10 years of experience in managing publication processes for a range of academic journals. I have a comprehensive understanding of the publishing landscape, including traditional and digital formats. My focus is on creating efficient publication workflows that enhance author and reviewer experiences while maintaining the highest quality standards.

WORK EXPERIENCE

Director of Publications | Global Academic Journals

Jan 2022 – Present

- Oversaw the publication process for 15 academic journals, coordinating all editorial activities.
- Implemented new workflow systems that increased publication efficiency by 35%.
- Led a team of editors and publication staff to ensure high-quality standards across all journals.
- Developed strategic partnerships with academic institutions to enhance journal visibility.
- Conducted workshops on best practices in academic publishing for authors and editors.
- Analyzed publication metrics to inform strategic decisions and improve impact.

Senior Editorial Advisor | Research Publications Inc.

Jul 2019 – Dec 2021

- Provided editorial guidance for multiple high-impact academic journals.
- Managed the peer review process, ensuring timely feedback and publication.
- Created editorial policies that enhanced the quality and integrity of published research.
- Collaborated with authors to refine manuscripts for publication.
- Facilitated training sessions for new editors on journal policies and procedures.
- Conducted analyses of journal performance to drive strategic improvements.
