

MICHAEL ANDERSON

Research Assistant

- San Francisco, CA
- (555) 234-5678
- michael.anderson@email.com

Enthusiastic Academic Researcher with 3 years of experience in public health, focusing on health disparities and access to care. My research aims to identify barriers that underserved populations face in obtaining healthcare services. I am skilled in qualitative research methods and have worked on projects that involve community engagement and participatory research.

WORK EXPERIENCE

Research Assistant | Public Health Institute

Jan 2022 – Present

- Assisted in research on access to healthcare among low-income populations.
- Conducted interviews and focus groups to gather community insights.
- Analyzed qualitative data to identify systemic barriers to care.
- Collaborated with local organizations to promote health education.
- Contributed to grant proposals for funding community health initiatives.
- Presented findings at community meetings, engaging stakeholders in discussions.

Intern | Community Health Center

Jul 2019 – Dec 2021

- Supported outreach efforts to educate the public about available health services.
- Assisted in data collection for health promotion programs.
- Participated in community health fairs to raise awareness.
- Developed informational materials to disseminate health resources.
- Engaged with community members to understand their health concerns.
- Helped organize workshops on health literacy for underserved populations.

SKILLS

public health research

community engagement

qualitative analysis

health equity

program evaluation

data presentation

EDUCATION

M.P.H. in Public Health

2015 – 2019

University of North Carolina

ACHIEVEMENTS

- Contributed to a successful grant application for a health equity initiative.
- Presented research findings at the National Public Health Conference.
- Developed a community resource guide that improved access to health services.
