Strategic actuary with a focus on healthcare analytics, bringing over 9 years of experience in the actuarial field. Expertise in analyzing healthcare data to inform pricing strategies and enhance service delivery. Demonstrated proficiency in applying statistical methods to assess risk and project future healthcare costs, thereby enabling organizations to make informed financial decisions.

PROFESSIONAL EXPERIENCE

Health Analytics Group   *Mar 2018 - Present*
Healthcare Actuary

- Analyzed healthcare claims data to identify trends and inform pricing strategies.
- Developed predictive models to estimate future healthcare costs and utilization.
- Collaborated with healthcare providers to optimize risk-sharing agreements.
- Presented analytical findings to executive teams, influencing strategic decision-making.
- Conducted quarterly assessments of risk adjustment methodologies.
- Mentored junior analysts in best practices for data analysis and reporting.

Medical Insurance Corp   *Dec 2015 - Jan 2018*
Actuarial Associate

- Supported the actuarial team in the evaluation of health insurance products.
- Performed statistical analyses to assess risk factors affecting product pricing.
- Assisted in the development of healthcare cost containment strategies.
- Engaged in cross-functional projects to enhance operational efficiencies.
- Prepared detailed reports for regulatory compliance and internal review.
- Contributed to the design of new health insurance offerings based on market research.

ACHIEVEMENTS

- Increased pricing accuracy by 30% through advanced data modeling techniques.
- Awarded 'Excellence in Analytics' by the Healthcare Association.
- Developed a comprehensive report on healthcare cost trends that was published in a leading industry journal.
