I am a dynamic Adult Education Consultant with over 7 years of experience in the technology sector, specializing in digital learning and e-learning solutions for adult learners. My expertise lies in creating innovative digital training programs that engage adult learners and enhance their technical skills for the modern workplace.

WORK EXPERIENCE

E-Learning Consultant | Digital Learning Group   Jan 2022 – Present

- Designed and developed e-learning courses that increased learner engagement by 50%.
- Collaborated with subject matter experts to create relevant and interactive content.
- Utilized Learning Management Systems (LMS) to track learner progress and outcomes.
- Conducted usability testing to enhance the user experience of digital courses.
- Facilitated training sessions on digital literacy and online learning best practices.
- Developed a mentorship program for new e-learning designers, fostering professional growth.

Instructional Designer | Tech Skills Academy   Jul 2019 – Dec 2021

- Created interactive training modules that resulted in a 40% increase in course completion rates.
- Collaborated with cross-functional teams to align training programs with organizational goals.
- Utilized feedback from learners to continuously improve course content and delivery.
- Led workshops on e-learning design principles for faculty and staff.
- Implemented assessment tools to measure learner outcomes and program effectiveness.
- Developed guidelines for best practices in online teaching and learning.
