Dynamic and results-oriented Advanced Practice Nurse with over 6 years of experience in surgical nursing, specializing in perioperative care. I am committed to providing high-quality care to surgical patients, focusing on preoperative assessments, intraoperative support, and postoperative recovery. My clinical expertise includes managing complex surgical cases and ensuring patient safety through meticulous attention to detail.

## WORK EXPERIENCE

### Surgical Nurse Practitioner | City Hospital Surgical Unit

Jan 2022 – Present

- Conducted preoperative assessments and prepared patients for surgery.
- Assisted in surgical procedures, ensuring sterile techniques and patient safety.
- Monitored patients during recovery and provided postoperative education.
- Collaborated with surgeons and anesthesiologists to optimize surgical outcomes.
- Participated in quality improvement initiatives that reduced surgical site infections by 15%.
- Facilitated patient education sessions to enhance understanding of surgical procedures and recovery processes.

### Registered Nurse | General Surgical Hospital

Jul 2019 – Dec 2021

- Cared for patients before and after surgical interventions in a high-volume environment.
- Administered medications and monitored vital signs throughout the perioperative period.
- Provided emotional support to patients and families during surgical experiences.
- Maintained accurate documentation related to patient care and surgical outcomes.
- Engaged in multidisciplinary rounds to discuss patient care plans and progress.
- Contributed to a team initiative that improved patient discharge processes, enhancing satisfaction rates.
