Dedicated Advanced Technology Analyst with over 6 years of experience in the healthcare industry. My expertise lies in health information technology, where I have successfully implemented electronic health record (EHR) systems and other digital solutions aimed at improving patient care and operational efficiency. My background in clinical informatics enables me to effectively bridge the gap between healthcare providers and technology.

EXPERTISE SKILLS

- Health Information Technology
- Data Analytics
- Project Management
- EHR Implementation
- Clinical Informatics
- Stakeholder Engagement
