### SUMMARY

A highly accomplished Aerospace Production Engineer with over 10 years of experience in the aerospace sector, specializing in production processes and quality assurance. Demonstrates a profound understanding of aerodynamics, materials science, and manufacturing technologies. Proven track record in leading cross-functional teams to optimize production workflows and enhance product quality. Skilled in implementing lean manufacturing principles and continuous improvement methodologies to reduce waste and improve efficiency.

### WORK EXPERIENCE

#### Senior Aerospace Production Engineer AeroTech Industries

Jan 2023 - Present

- Led the production team in the assembly of advanced aerospace components.
- Implemented lean manufacturing techniques, resulting in a 20% reduction in production costs.
- Conducted root cause analysis for production defects and developed corrective action plans.
- Collaborated with design engineers to improve manufacturability of new products.
- Managed supplier relationships to ensure quality and timely delivery of materials.
- Trained junior engineers on production best practices and safety protocols.

#### Production Engineer SkyHigh Aviation

Jan 2020 - Dec 2022

- Assisted in the design and development of manufacturing processes for aircraft components.
  - Monitored production metrics and identified areas for improvement.
  - Supported quality assurance activities including inspections and audits.
  - Coordinated with maintenance teams to ensure equipment reliability.
  - Participated in the development of training materials for production staff.
  - Maintained documentation in compliance with regulatory requirements.
- 

### EDUCATION

#### Master of Science in Aerospace Engineering, Georgia Institute of Technology, 2011

Sep 2019 - Oct 2020
