MICHAEL ANDERSON

LEAD QUALITY ASSURANCE ENGINEER

Results-oriented Aerospace Quality Engineer with a decade of experience in quality control and assurance within the aerospace industry. Expertise in developing and implementing quality standards, conducting audits, and utilizing problem-solving techniques to enhance operational efficiency. Proven ability to manage complex quality assurance projects and collaborate effectively with engineering teams to ensure product integrity.

PROFESSIONAL EXPERIENCE

Aerospace Solutions Inc.

Mar 2018 - Present

Lead Quality Assurance Engineer

- Oversaw quality assurance processes for aerospace manufacturing.
- Developed quality metrics and KPIs to measure performance.
- Conducted internal audits to ensure compliance with regulatory standards.
- Led root cause analysis for quality issues and implemented corrective actions.
- Collaborated with design teams to validate product specifications.
- Mentored junior engineers in quality assurance practices.

Global Aerospace

Dec 2015 - Jan 2018

Quality Assurance Specialist

- Performed testing and inspections on aerospace components.
- Assisted in developing quality control plans and procedures.
- Monitored production processes for quality assurance.
- Documented non-conformance reports and corrective actions.
- Participated in supplier quality evaluations and audits.
- Provided training on quality standards and best practices.

ACHIEVEMENTS

- Achieved a 40% reduction in defect rates through process improvements.
- Received 'Outstanding Engineer' award for contributions to quality initiatives.
- Successfully led a project that resulted in significant cost savings for the company.
