- French

EDUCATION

**MASTER OF SCIENCE IN AGRONOMY,
TEXAS A&M UNIVERSITY, 2017**

ACHIEVEMENTS

- Enhanced crop yields by 12% through strategic data initiatives.
- Recognized for outstanding research contributions at AgroResearch Institute.
- Published findings in peer-reviewed journals, enhancing visibility in the field.

WORK EXPERIENCE

AGRI DATA STRATEGIST

Harvest Insights LLC

2020 - 2025

- Developed strategic data initiatives to enhance farm productivity and sustainability.
- Implemented data-driven solutions for optimizing crop rotation practices.
- Collaborated with farmers to analyze soil health data and recommend amendments.
- Utilized Python for data analysis and predictive modeling.
- Conducted workshops to educate stakeholders on the importance of data in agriculture.
- Presented analytical findings to executive management for strategic decision-making.

RESEARCH ASSISTANT

AgroResearch Institute

2015 - 2020

- Assisted in the collection and analysis of agricultural field data.
- Supported senior researchers in developing methodologies for data analysis.
- Engaged in literature reviews to support ongoing research projects.
- Utilized Excel for data management and reporting purposes.
- Participated in community outreach programs to promote sustainable farming.
- Contributed to grant proposals for funding agricultural research.
