EDUCATION

M.SC. IN ENTOMOLOGY, URBAN AGRICULTURAL UNIVERSITY, 2016

ACHIEVEMENTS

- Increased community workshop attendance by 50% within one year.
- Recognized by the City Council for contributions to urban agriculture in 2020.
- Secured a grant for a community garden project that enhanced local food security.

PROFILE

Results-driven Agricultural Entomologist with a strong background in urban agriculture and community outreach. Over 5 years of hands-on experience in diagnosing and managing insect-related issues in urban settings. Skilled in conducting workshops and educating the public on pest management techniques that promote healthy urban gardens. Proficient in leveraging social media to increase awareness of sustainable practices and pest control.

EXPERIENCE

URBAN ENTOMOLOGIST

City Green Initiative

2016 - Present

- Developed urban pest management programs tailored for community gardens.
- Organized free workshops to educate residents on sustainable pest control practices.
- Collaborated with city officials to implement policies promoting urban agriculture.
- Conducted pest assessments and provided actionable recommendations to gardeners.
- Utilized social media platforms to disseminate pest management tips and resources.
- Engaged with local schools to develop educational programs on entomology.

RESEARCH ASSISTANT

Urban Agriculture Research Center

2014 - 2016

- Assisted in studies examining pest impacts on urban crops.
- Collected and analyzed data to support research on pest resistance.
- Helped design and conduct experiments on integrated pest management.
- Contributed to the development of educational materials for urban farmers.
- Participated in community outreach initiatives to promote urban gardening.
- Maintained laboratory equipment and ensured compliance with safety protocols.
