MICHAEL ANDERSON

ORGANIC LIVESTOCK CONSULTANT

An accomplished Agricultural Extension Livestock Officer with a focus on organic farming and sustainable livestock practices. Over 12 years of experience in promoting environmentally conscious farming techniques that enhance livestock health and productivity. Adept at conducting research and disseminating findings to farmers to improve their practices. This individual excels in developing educational programs that emphasize the importance of organic methods and animal welfare.

PROFESSIONAL EXPERIENCE

Sustainable Agriculture Network

Mar 2018 - Present

Organic Livestock Consultant

- Advised farmers on organic livestock management techniques.
- Developed resources for implementing organic farming practices.
- Conducted workshops on the benefits of organic livestock production.
- Collaborated with agricultural researchers to promote sustainable methods.
- Evaluated organic certification processes for local farms.
- Monitored compliance with organic standards and regulations.

Local Cooperative Extension Service

Dec 2015 - Jan 2018

Agricultural Extension Specialist

- Provided educational outreach on sustainable livestock practices.
- Organized community events focused on organic agriculture.
- Developed partnerships with local businesses to promote organic products.
- Conducted research on organic livestock health and management.
- Facilitated discussions on market access for organic farmers.
- Assisted farmers in transitioning to organic certification.

ACHIEVEMENTS

- Increased organic livestock production by 35% through targeted consulting.
- Recipient of the "Organic Farming Advocate Award" in 2021.
- Published articles on sustainable livestock practices in industry journals.
