WORK EXPERIENCE

International Trade Policy Analyst

2020-2023

World Trade Organization

- Analyzed global agricultural trade policies and their effects on local markets.
- Collaborated with member countries to develop trade agreements that benefit local agriculture.
- Conducted research on international market trends to inform policy recommendations.
- Facilitated workshops on trade policy for agricultural stakeholders.
- Drafted analytical reports for senior management on trade policy impacts.
- Monitored compliance with international trade agreements in agriculture.

Agricultural Trade Consultant

2019-2020

Global Trade Solutions

- Provided consultancy services on agricultural trade policy and market access.
- Engaged with government officials to advocate for favorable trade agreements.
- Conducted assessments of trade barriers affecting local agricultural exports.
- Prepared detailed reports on trade negotiations for stakeholders.
- Facilitated training sessions on international trade for agricultural producers.
- Analyzed the impact of trade policies on food security and agricultural sustainability.

ACHIEVEMENTS

- Contributed to the successful negotiation of a bilateral trade agreement that enhanced agricultural exports.
- Recognized for excellence in trade policy analysis by the International Trade Association.
- Increased awareness of trade opportunities among local farmers by 30% through outreach initiatives.
