WORK EXPERIENCE

Horticultural Trainer

2020-2023

FloraTech Training Center

- Designed and delivered horticultural training programs for over 300 participants.
- Utilized case studies and real-life examples to enhance learning experiences.
- Conducted field demonstrations to showcase best practices in horticulture.
- Evaluated participant feedback to continuously improve training content.
- Collaborated with local nurseries to align training with industry standards.
- Created digital resources for ongoing learning opportunities.

Training Assistant

2019-2020

GreenThumb Agricultural Services

- Assisted in the development and delivery of training workshops on pest management.
- Organized training logistics and participant materials for events.
- Participated in community outreach initiatives to promote training programs.
- Conducted evaluations to assess the effectiveness of training sessions.
- Supported the creation of instructional videos for training purposes.
- Monitored crop success rates post-training to measure impact.

ACHIEVEMENTS

- Increased crop quality ratings by 30% among trained participants.
- Received recognition for developing comprehensive training materials in 2019.
- Successfully led workshops that resulted in a 15% increase in yield for participants.
