Michael Anderson

SENIOR CLIMATE POLICY ADVISOR

Experienced Agroclimatologist with a strong background in agricultural economics and climate policy. With over 12 years in the field, I have focused on the economic impacts of climate change on agricultural productivity. My expertise includes conducting economic analyses of climate data and developing policy recommendations for governments and organizations. I have collaborated with international agencies to promote climate-resilient agricultural practices.

EXPERIENCE

SENIOR CLIMATE POLICY ADVISOR

World Agricultural Organization

2016 - Present

- Developed policy frameworks to support climate-resilient agriculture.
- Conducted economic assessments of climate impacts on food security.
- Collaborated with governments to implement climate adaptation measures.
- Provided expert testimony on climate policy at international conferences.
- Managed multi-country projects focused on agricultural sustainability.
- Authored reports on the economic implications of climate change.

AGROCLIMATOLOGY RESEARCHER

Institute for Climate Economics

2014 - 2016

- Analyzed economic data related to agriculture and climate change.
- Supported the development of climate adaptation funding proposals.
- Conducted workshops for policy-makers on climate economics.
- Engaged with stakeholders to discuss climate adaptation strategies.
- Contributed to research publications on agroclimatic economics.
- Provided insights for developing climate-related economic policies.
