Michael Anderson

AI ETHICS CONSULTANT

As a passionate AI Ethics Researcher with a background in philosophy and information technology, I focus on the ethical theories that guide AI development and implementation. My journey began in academia, where I earned a Master's degree in Philosophy, later transitioning into tech to apply ethical frameworks to real-world scenarios.

EXPERIENCE

AI ETHICS CONSULTANT

Ethical Tech Solutions

2016 - Present

- Provided guidance on ethical AI design, enhancing product accountability.
- Conducted workshops on philosophical ethics in technology for tech teams.
- Developed ethical assessment tools to evaluate AI projects.
- Collaborated with developers to integrate ethical considerations into AI algorithms.
- Published case studies on successful ethical AI implementations.
- Participated in discussions on the future of ethics in AI at industry conferences.

RESEARCH ASSISTANT

Tech Ethics Research Center

2014 - 2016

- Assisted in research on ethical implications of AI technologies.
- Analyzed case studies of AI failures related to ethical breaches.
- Conducted literature reviews on ethics in AI.
- Co-authored papers on ethical frameworks for AI systems.
- Engaged with industry experts to gather insights on ethical AI.
- Presented research findings at academic conferences.
