

MICHAEL ANDERSON

Director of AI Ethics

- San Francisco, CA
- (555) 234-5678
- michael.anderson@email.com

I am an AI Ethics Researcher with a unique blend of experience in the non-profit sector and technology. Over the past nine years, I have dedicated my career to ensuring that AI technologies are developed and implemented with a focus on social responsibility and ethical considerations. My journey began in non-profit organizations, where I worked on technology initiatives aimed at benefiting underserved communities.

WORK EXPERIENCE
