Michael Anderson

AI GOVERNANCE LEAD

Strategic AI Governance Specialist with a focus on the manufacturing industry, possessing over 9 years of experience in ensuring the ethical implementation of AI technologies. My career has been dedicated to developing governance frameworks that not only comply with industry regulations but also drive operational efficiency. I am adept at conducting risk assessments and audits to identify areas for improvement in AI systems.

EXPERIENCE

AI GOVERNANCE LEAD

Manufacturing Tech Corp.

2016 - Present

- Developed and managed AI governance policies to ensure compliance with manufacturing regulations.
- Conducted risk assessments to identify ethical issues related to AI applications in production.
- Collaborated with engineering teams to design AI systems that prioritize ethical considerations.
- Facilitated workshops to educate staff on AI governance and compliance.
- Monitored AI systems for adherence to governance frameworks.
- Engaged with stakeholders to promote transparency in AI initiatives.

COMPLIANCE ANALYST
