

# MICHAEL ANDERSON

AI Governance Director

Experienced AI Governance Specialist with a strong focus on the energy sector, bringing over 10 years of expertise in ethical AI deployment and regulatory compliance. My career has been dedicated to developing and implementing governance frameworks that ensure the responsible use of AI technologies in energy production and management. I excel at conducting audits, risk assessments, and stakeholder engagement to ensure AI systems meet both ethical and regulatory standards.

## WORK EXPERIENCE

### AI Governance Director

2020-2023

Green Energy Corp.

- Developed and implemented AI governance policies for energy management systems.
- Conducted risk assessments to identify ethical concerns in AI applications.
- Collaborated with IT and engineering teams to ensure compliance with industry standards.
- Facilitated training sessions on ethical AI practices for staff.
- Monitored AI systems for compliance and recommended improvements.
- Engaged with stakeholders to promote responsible AI initiatives.

### Compliance Manager

2019-2020

Energy Solutions Ltd.

- Assisted in developing compliance strategies for AI technologies in energy production.
- Conducted audits to ensure adherence to regulatory standards.
- Collaborated with teams to gather requirements for governance frameworks.
- Provided training on ethical AI practices for employees.
- Monitored changes in regulations affecting AI usage in the energy sector.
- Prepared compliance reports for senior management.

## ACHIEVEMENTS

- Implemented a governance framework that improved compliance ratings by 35%.
- Recognized for contributions to ethical AI practices in the energy sector.
- Published research on AI governance in energy management journals.
