SKILLS

- Test case design
- AI testing
- manual testing
- defect tracking
- collaboration
- automation tools

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER SCIENCE, COLLEGE OF ENGINEERING

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Recognized for contributing to a project that won a national innovation award.
- Improved testing turnaround time by 15% through streamlined processes.
- Supported a successful product launch that exceeded initial sales targets.

Michael Anderson

JUNIOR AI TESTING ENGINEER

I am a passionate AI Testing Engineer with a background in computer science and over four years of hands-on experience in testing AI applications. My expertise includes designing test cases and executing them to ensure the reliability of machine learning models. I have a strong grasp of both manual and automated testing processes, with a focus on performance and usability.

EXPERIENCE

JUNIOR AI TESTING ENGINEER

Creative AI Solutions

2016 - Present

- Assisted in the development of test cases for AI applications based on functional requirements.
- Executed manual tests to ensure AI algorithms function as intended.
- Documented test results and assisted in defect tracking.
- Collaborated with senior engineers to refine testing procedures.
- Participated in team meetings to discuss testing strategies and progress.
- Contributed to a 20% reduction in bug reports post-release through diligent testing.

SOFTWARE TESTER

Tech Pioneers Inc.

2014 - 2016

- Conducted tests on various software applications, focusing on usability and functionality.
- Assisted in writing test documentation and reports for stakeholders.
- Engaged in collaborative testing sessions with cross-functional teams.
- Utilized testing tools to automate repetitive tasks.
- Tracked and reported defects using project management software.
- Achieved a 15% increase in user satisfaction through effective testing.
