EXPERTISE SKILLS

- Software Development
- Avionics
- Agile Methodologies
- Debugging
- System Testing
- Documentation

LANGUAGES

- English
- Spanish
- French

CERTIFICATION

- Bachelor of Science in Computer Engineering, University of California, Berkeley

MICHAEL ANDERSON

SOFTWARE ENGINEER

Dynamic Aircraft Systems Engineer with a focus on software integration and avionics systems. Over 6 years of experience in the aerospace industry, specifically in developing and implementing software solutions for aircraft systems. Expertise in coding, debugging, and testing software applications, ensuring robust and reliable avionics systems. Proven ability to collaborate with hardware engineers to create seamless integration between software and hardware.

PROFESSIONAL EXPERIENCE

AeroTech Systems

Mar 2018 - Present

Software Engineer

- Developed software applications for flight control systems.
- Collaborated with hardware teams to ensure system integration.
- Performed software testing and validation to meet safety standards.
- Utilized agile methodologies for project management.
- Documented software specifications and user manuals.
- Provided technical support during system deployment.

Flight Systems Inc.

Dec 2015 - Jan 2018

Junior Software Developer

- Assisted in the development of avionics software solutions.
- Conducted debugging and troubleshooting of existing software.
- Participated in code reviews to maintain quality standards.
- Supported integration testing with hardware components.
- Contributed to project documentation and reporting.
- Engaged in continuous learning to enhance software skills.

ACHIEVEMENTS

- Streamlined software processes, reducing deployment time by 25%.
- Received "Outstanding Performance" recognition for exceptional project contributions.
- Contributed to a software upgrade that improved system efficiency by 10%.
