SKILLS

- Safety Assessment
- Risk Mitigation
- Compliance Audits
- Documentation
- Safety Training
- Regulatory Knowledge

LANGUAGES

- English
- Spanish
- French

EDUCATION

**MASTER OF SCIENCE IN SAFETY
ENGINEERING, UNIVERSITY OF
SOUTHERN CALIFORNIA**

ACHIEVEMENTS

- Reduced safety incidents by 40% through improved protocols.
- Recognized for excellence in safety management with a company award.
- Contributed to a safety initiative that enhanced compliance ratings.

WORK EXPERIENCE

SAFETY ENGINEER

Aviation Safety Solutions

2020 - 2025

- Conducted safety assessments on aircraft systems.
- Developed and implemented risk mitigation strategies.
- Collaborated with engineering teams to enhance system safety.
- Prepared detailed safety documentation for regulatory compliance.
- Facilitated safety training sessions for engineering staff.
- Participated in safety audits and inspections.

SYSTEMS COMPLIANCE ANALYST

Flight Safety International

2015 - 2020

- Performed compliance audits on aircraft systems.
- Assisted in the development of safety management systems.
- Monitored regulatory changes and updated compliance protocols.
- Engaged with regulatory bodies on safety issues.
- Supported engineering teams in safety documentation efforts.
- Provided insights on safety trends and best practices.
