SKILLS

- Airworthiness evaluations
- Safety compliance
- Data analysis
- Team collaboration
- Regulatory documentation
- Problem-solving

EDUCATION

BACHELOR OF SCIENCE IN AEROSPACE ENGINEERING, UNIVERSITY OF MICHIGAN

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Contributed to a 15% increase in compliance rates through process improvements.
- Recognized for outstanding teamwork during safety audits.
- Achieved a commendation for commitment to safety initiatives.

Michael Anderson

AIRWORTHINESS SPECIALIST

Dynamic Airworthiness Engineer with over 6 years of experience in the aviation industry, focusing on safety compliance and engineering support. Skilled in performing airworthiness evaluations and ensuring adherence to regulatory standards. Proven track record in collaborating with cross-functional teams to enhance safety protocols and operational efficiency. Strong analytical and problem-solving skills, dedicated to identifying and mitigating risks associated with aircraft operations.

EXPERIENCE

AIRWORTHINESS SPECIALIST

FlightPath Engineering

2016 - Present

- Conducted airworthiness evaluations for commercial and military aircraft.
- Engaged in safety audits to ensure compliance with regulations.
- Collaborated with engineering teams to resolve airworthiness issues.
- Prepared documentation for regulatory submissions regarding airworthiness.
- Analyzed safety data to identify areas for improvement.
- Participated in cross-functional safety initiatives and training programs.

JUNIOR AIRWORTHINESS ENGINEER

AeroSafety Inc.

2014 - 2016

- Assisted in the evaluation of aircraft systems for airworthiness compliance.
- Supported senior engineers in safety audits and inspections.
- Maintained records of airworthiness evaluations and findings.
- Participated in the development of safety management plans.
- Provided input on training materials for airworthiness practices.
- Collaborated with teams to implement safety improvements.
