## SKILLS

- Nutritional Research
- Data Analysis
- Community Education
- Survey Design
- Program Development
- Team Collaboration

## EDUCATION

**BACHELOR OF SCIENCE IN NUTRITION,  
UNIVERSITY OF WELLNESS**

## LANGUAGE

- English
- Spanish
- German

## ACHIEVEMENTS

- Contributed to a published study that highlighted nutrition interventions in schools.
- Received the 'Best Research Poster' award at the National Nutrition Conference in 2020.
- Participated in a community project that improved dietary habits among participants by 25%.

# Michael Anderson

## NUTRITION RESEARCH ASSISTANT

Innovative Allied Health Researcher with 4 years of experience in nutrition and dietetics research. My work focuses on the intersection of nutrition science and public health, where I have contributed to studies aimed at improving dietary habits and health outcomes in various populations. I am proficient in conducting randomized controlled trials and observational studies, utilizing both qualitative and quantitative methods.

## EXPERIENCE

### NUTRITION RESEARCH ASSISTANT

Healthy Eating Research Institute

2016 - Present

- Assisted in the design and implementation of studies evaluating dietary interventions.
- Conducted participant assessments and collected dietary intake data using 24-hour recalls.
- Analyzed data using statistical software to identify trends in dietary behaviors.
- Collaborated with registered dietitians to develop community nutrition programs.
- Presented research findings to community stakeholders to promote healthy eating.
- Maintained accurate records and ensured compliance with ethical standards.

### RESEARCH INTERN

Institute for Nutrition Sciences

2014 - 2016

- Conducted literature reviews to support research on dietary habits among adolescents.
- Collected and analyzed data from surveys assessing nutrition knowledge.
- Assisted in drafting grant proposals to secure funding for future research projects.
- Coordinated community outreach efforts to educate the public on nutrition.
- Provided administrative support to the research team, ensuring project organization.
- Participated in team meetings to discuss research progress and next steps.
