EDUCATION

ASSOCIATE DEGREE IN EMERGENCY MEDICAL TECHNOLOGY, COMMUNITY COLLEGE OF HEALTH, 2018

ACHIEVEMENTS

- Honored with the 'Excellence in Service' award for outstanding performance during a mass casualty incident.
- Increased efficiency in emergency response times by 25% through team training initiatives.
- Successfully implemented a patient feedback system, enhancing service quality.

PROFILE

Accomplished Ambulance Officer with a robust background in pre-hospital emergency care, demonstrating exceptional clinical skills and a proactive approach to patient management. Expertise in navigating complex emergency scenes and executing life-saving interventions with precision. Recognized for the ability to foster trust and rapport with patients and their families during critical moments.

EXPERIENCE

LEAD PARAMEDIC

Rapid Response Ambulance

2016 - Present

- Supervised paramedic teams in high-stress emergency response situations, ensuring adherence to protocols.
- Executed advanced medical procedures, including intubation and cardiac monitoring.
- Developed and implemented training programs for staff on emerging medical technologies.
- Enhanced inter-agency communication to streamline patient handoff processes.
- Conducted regular performance evaluations and feedback sessions to foster team growth.
- Facilitated community training workshops on CPR and first aid awareness.

AMBULANCE OFFICER

North District Ambulance

2014 - 2016

- Provided emergency medical care and transport to patients in diverse environments.
- Engaged in thorough patient assessments to determine immediate medical needs.
- Collaborated with emergency room staff to relay critical information regarding patient conditions.
- Maintained compliance with regulatory standards and best practices in emergency care.
- Participated in disaster response drills to improve readiness for large-scale emergencies.
- Utilized electronic health record systems to document patient interactions and treatments.
