EDUCATION

BACHELOR OF SCIENCE IN COMPUTER ENGINEERING, TECH UNIVERSITY, 2018

ACHIEVEMENTS

- Recognized as 'Employee of the Month' twice for outstanding project contributions.
- Increased app user retention by 25% through strategic feature enhancements.
- Contributed to a team project that received a 'Best Innovation' award at a regional tech competition.

PROFILE

Innovative Android Application Developer with a strong background in computer engineering and over 4 years of experience in creating scalable, high-performance applications. Expertise in Kotlin and cross-platform frameworks, with a focus on integrating advanced functionalities such as machine learning and augmented reality. Proven track record of delivering projects that enhance user engagement and drive business growth.

EXPERIENCE

ANDROID DEVELOPER

NextGen Apps

2016 - Present

- Designed and developed an augmented reality application that increased user interaction by 40%.
- Optimized existing applications for performance, reducing crash rates by 30%.
- Implemented machine learning algorithms for personalized content delivery, enhancing user satisfaction.
- Developed user documentation and training materials for end-users and support staff.
- Collaborated closely with backend developers to establish a robust API for seamless data exchange.
- Utilized Git for version control, ensuring smooth collaboration and code management.

JUNIOR ANDROID DEVELOPER

Creative Tech Solutions

2014 - 2016

- Assisted in the development of mobile applications, contributing to the successful launch of 3 major projects.
- Conducted user testing and gathered feedback to inform development decisions and improvements.
- Collaborated with designers to create visually appealing and functional app interfaces.
- Helped implement agile methodologies, leading to improved team efficiency and project turnaround times.
- Participated in code reviews, enhancing code quality and sharing best practices with peers.
- Engaged in continuous learning to keep skills current with industry advancements.
