

# MICHAEL ANDERSON

## Sheep and Goat Farm Supervisor

Accomplished Animal Farm Supervisor with a focus on sheep and goat husbandry. Over 10 years of experience in managing small ruminant operations, ensuring high standards of animal welfare, and optimizing production processes. Expert in breeding techniques, nutrition management, and health monitoring. Proven ability to lead teams and implement best practices that enhance farm productivity and animal health.

### WORK EXPERIENCE

#### Sheep and Goat Farm Supervisor

2020-2023

Meadowland Farms

- Supervised a flock of 300 sheep and goats, focusing on health and production.
- Implemented breeding programs to enhance genetic diversity.
- Managed nutrition plans tailored to specific growth stages.
- Trained staff on best practices in small ruminant care.
- Conducted health checks and maintained detailed production records.
- Engaged in community outreach to promote sustainable farming practices.

#### Farm Assistant

2019-2020

Green Pastures Livestock

- Assisted in the daily care of sheep and goats on a family-run farm.
- Participated in health assessments and vaccination schedules.
- Helped maintain farm facilities and animal housing.
- Supported the implementation of feeding and care routines.
- Engaged in farm tours and educational programs for visitors.
- Contributed to record-keeping for animal health and growth.

### ACHIEVEMENTS

- Increased fleece production by 30% through breeding improvements.
- Achieved recognition for outstanding animal welfare practices.
- Successfully implemented a new feeding program that enhanced growth rates by 20%.
