SKILLS

- Animal breeding
- Genetic evaluation
- Data monitoring
- Communication skills
- Ethical practices
- Record keeping
- Team collaboration

LANGUAGES

- English
- Spanish
- French

EDUCATION

BACHELOR'S IN ANIMAL GENETICS,
STATE UNIVERSITY, 2018

ACHIEVEMENTS

- Improved dairy cattle productivity by 8% through effective breeding strategies.
- Recognized as 'Employee of the Month' for outstanding contributions.
- Developed training materials adopted by the organization for staff education.

WORK EXPERIENCE

ANIMAL BREEDING TECHNICIAN

AgriTech Solutions

2020 - 2025

- Assisted in the implementation of breeding programs for dairy cattle.
- Monitored animal health and performance data to inform breeding decisions.
- Conducted genetic evaluations to identify superior breeding stock.
- Collaborated with veterinarians to ensure animal welfare standards.
- Maintained detailed records of breeding activities and outcomes.
- Participated in training sessions for new staff on breeding protocols.

GENETICS RESEARCH INTERN

Livestock Research Institute

2015 - 2020

- Supported research projects on genetic diversity in sheep.
- Assisted in data collection and analysis for genetic studies.
- Prepared reports summarizing research findings.
- Engaged with local farmers to promote genetic awareness.
- Participated in workshops to share genetic knowledge.
- Contributed to the development of educational materials for farmers.
