# Michael Anderson

## POULTRY NUTRITION MANAGER

Strategic Animal Nutrition Scientist with over 12 years of experience focused on the poultry industry. My career has revolved around developing and implementing nutritional programs that enhance the efficiency and profitability of poultry production. I have a proven track record in formulating diets that optimize growth rates, feed efficiency, and overall flock health.

## EXPERIENCE

### POULTRY NUTRITION MANAGER

PoultryPro Solutions

2016 - Present

- Managed nutrition programs for over 1 million birds across multiple production sites.
- Implemented a data-driven approach to optimize feed efficiency.
- Conducted training sessions for farm managers on nutritional best practices.
- Collaborated with veterinarians to address health challenges.
- Reduced feed costs by 15% through strategic ingredient sourcing.
- Presented findings to stakeholders to drive program improvements.

### ANIMAL NUTRITION CONSULTANT

AgriNutri Consulting

2014 - 2016

- Provided nutritional consulting services to poultry farms.
- Analyzed performance data to develop customized feeding strategies.
- Facilitated workshops to educate producers on nutrition optimization.
- Conducted market research to identify trends in poultry nutrition.
- Authored articles for industry publications on best feeding practices.
- Developed relationships with feed suppliers to ensure quality ingredients.
