SKILLS

- Aquaculture Nutrition
- Feed Formulation
- Research
- Client Collaboration
- Data Analysis
- Education

EDUCATION

M.S. IN AQUATIC ANIMAL NUTRITION,
MARINE UNIVERSITY

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Increased fish growth rates by 30% through innovative feed formulations.
- Co-authored research published in leading aquaculture journals.
- Recognized for contributions to sustainable aquaculture practices.

Michael Anderson

AQUACULTURE NUTRITION SPECIALIST

An experienced Animal Nutritionist with over 9 years of expertise in the aquaculture industry, specializing in the development of nutritionally balanced feeds for fish and shellfish. Demonstrates a solid understanding of aquatic animal physiology and the nutritional requirements necessary for optimal growth and health. Proven ability to conduct research and field trials to evaluate the effectiveness of new feed formulations.

EXPERIENCE

AQUACULTURE NUTRITION SPECIALIST

Aquatic Feed Innovations

2016 - Present

- Formulated specialized feeds for various fish species, improving growth rates.
- Conducted nutritional trials to assess feed efficacy and palatability.
- Collaborated with aquaculture farmers to optimize feeding practices.
- Educated clients on sustainable aquaculture nutrition strategies.
- Analyzed performance data to inform feed formulation adjustments.
- Presented findings at industry conferences to promote advancements in aquaculture.

RESEARCH ASSOCIATE

Aquatic Research Institute

2014 - 2016

- Assisted in research on the nutritional needs of farmed fish species.
- Collected data on feed trials and analyzed results for publication.
- Engaged in collaborative projects with industry partners to enhance feed formulations.
- Participated in outreach programs to educate the public on aquaculture.
- Supported the development of educational materials for aquaculture practices.
- Maintained current knowledge of industry trends and regulations.
