MICHAEL ANDERSON

POULTRY OPERATIONS MANAGER

Highly skilled Animal Production Specialist with a focus on poultry management and biosecurity protocols. Over 12 years of experience in overseeing large-scale poultry operations, ensuring high standards of animal welfare, and implementing effective biosecurity measures. Demonstrated expertise in optimizing production efficiency and managing supply chain processes from hatchery to market. Proven ability to lead teams in achieving production targets while maintaining compliance with regulatory requirements.

PROFESSIONAL EXPERIENCE

Farm Fresh Poultry

Mar 2018 - Present

Poultry Operations Manager

- Managed operations for a poultry farm producing 250,000 birds annually.
- Implemented biosecurity measures reducing disease outbreaks by 40%.
- Monitored flock health and growth metrics to optimize production.
- Coordinated with supply chain teams to streamline distribution processes.
- Led training programs on animal welfare and biosecurity for staff.
- Analyzed production data to inform breeding and feeding decisions.

AgroSecure Ltd.

Dec 2015 - Jan 2018

Biosecurity Coordinator

- Developed and implemented biosecurity protocols for poultry farms.
- Conducted risk assessments to identify potential disease threats.
- Trained farm staff on biosecurity best practices and procedures.
- Monitored compliance with industry regulations and standards.
- Collaborated with veterinarians to ensure flock health.
- Led workshops on disease prevention strategies across multiple farms.

ACHIEVEMENTS

- Increased production efficiency by 15% through optimized management practices.
- Awarded 'Best Biosecurity Program' by National Poultry Association.
- Reduced mortality rates by 25% through enhanced health monitoring.
