EXPERTISE SKILLS

- API Integration
- Health Informatics
- Python
- Django
- HIPAA Compliance
- SQL
- Agile Development

LANGUAGES

- English
- Spanish
- French

CERTIFICATION

- Bachelor of Science in Health Informatics, University of Health Sciences, 2015

MICHAEL ANDERSON

API DEVELOPER

Innovative API Developer with a strong background in healthcare technology. Over 6 years of experience in developing and integrating APIs that facilitate interoperability among healthcare systems. Committed to improving patient care through technology and ensuring compliance with health regulations. Expert in working with various programming languages and frameworks, including Python and Django.

PROFESSIONAL EXPERIENCE

HealthTech Innovations   *Mar 2018 - Present*
API Developer

- Developed APIs that enabled data exchange between EHR systems, improving patient data accessibility.
- Collaborated with clinical teams to gather requirements and deliver user-centric solutions.
- Ensured HIPAA compliance in all API developments, safeguarding patient data.
- Implemented error logging and monitoring systems, reducing API downtime by 20%.
- Participated in cross-departmental meetings to align on health technology strategies.
- Provided training to healthcare staff on utilizing new API integrations.

MedAPI Solutions   *Dec 2015 - Jan 2018*
Junior API Developer

- Assisted in building APIs for patient management systems, enhancing operational workflows.
- Conducted testing and debugging of APIs, achieving a 90% success rate in performance.
- Maintained documentation of API endpoints and usage guidelines for internal teams.
- Engaged with end-users to gather feedback for continuous improvement of API functionalities.
- Supported in the migration of legacy data to new API-driven solutions.
- Participated in knowledge-sharing sessions to enhance team capabilities.

ACHIEVEMENTS

- Improved patient data retrieval times by 35% through effective API design.
- Contributed to a project that received a national award for innovation in healthcare technology.
- Recognized for outstanding contributions to team projects and deliverables.
