MICHAEL ANDERSON

SENIOR DATA SCIENTIST

Strategic and analytical Applied Data Scientist with over 8 years of experience in the finance sector. My extensive background in statistical modeling and data analysis has empowered organizations to make informed financial decisions. I specialize in developing algorithms that predict market trends and assess risk factors for financial products. With a strong grasp of financial regulations and compliance, I ensure that data projects align with industry standards.

PROFESSIONAL EXPERIENCE

Finance Analytics Corp.

Mar 2018 - Present

Senior Data Scientist

- Developed advanced predictive models that increased investment portfolio performance by 25%.
- Analyzed market data to identify trends and inform strategic investment decisions.
- Collaborated with cross-functional teams to implement data-driven risk assessment tools.
