🎓 EDUCATION

Master's in Urban Economics
Harvard University
2016-2020

⭐ SKILLS

- Urban Policy
- Housing Markets
- Data Analysis
- Econometric Modeling
- Stakeholder Engagement
- Community Development

🌐 LANGUAGES

- English
- Spanish
- French

I am an accomplished Applied Economist with over 9 years of experience in urban economics, focusing on housing markets and urban development policies. My work has involved extensive research on the economic factors influencing urban growth and housing affordability. I have collaborated with city planners and developers to create data-driven policies that promote sustainable urban development.

💼 WORK EXPERIENCE

Urban Economist — 2020-2023
City Planning Department

- Conducted economic analyses of housing markets to inform policy decisions.
- Collaborated with city officials to develop urban development strategies.
- Utilized econometric models to assess the impact of zoning regulations.
- Presented research findings to community stakeholders, enhancing public engagement.
- Analyzed demographic data to forecast population growth and housing needs.
- Engaged with neighborhood organizations to promote community-driven development.

Economic Analyst — 2019-2020
Regional Development Agency

- Analyzed economic data to support regional development initiatives.
- Conducted evaluations of urban policy impacts on local economies.
- Collaborated with stakeholders to develop comprehensive economic plans.
- Prepared reports on urban economic trends for policymakers.
- Utilized statistical tools to analyze urbanization patterns and their effects.
- Participated in public meetings to discuss urban development strategies.

⭐ ACHIEVEMENTS

- Developed a housing policy that reduced homelessness rates by 15%.
- Published research on the economic impacts of urban revitalization projects.
- Received recognition for outstanding contributions to urban development initiatives.
