## SKILLS

- Research methodologies
- Data analysis
- Stakeholder collaboration
- Protocol development
- Compliance assessment
- Public outreach

## EDUCATION

PHD IN AQUATIC ECOLOGY, UNIVERSITY OF BRITISH COLUMBIA

## LANGUAGE

- English
- Spanish
- German

## ACHIEVEMENTS

- Published over ten research articles on biosecurity in aquaculture.
- Recognized for contributions to aquatic biosecurity by the International Aquaculture Society.
- Secured funding for innovative biosecurity research projects.

# Michael Anderson

## RESEARCH BIOSECURITY SCIENTIST

Dedicated Aquaculture Biosecurity Specialist with a strong emphasis on research-driven approaches to biosecurity management. Extensive experience in evaluating biosecurity protocols through scientific methodologies and data-driven analysis. Proven ability to identify and mitigate biosecurity risks while promoting sustainable aquaculture practices. Strong communication skills facilitate effective collaboration with stakeholders, fostering trust and adherence to biosecurity standards.

## EXPERIENCE

### RESEARCH BIOSECURITY SCIENTIST

Institute for Aquatic Research

2016 - Present

- Conducted research on biosecurity risks associated with aquaculture species.
- Developed research protocols for evaluating biosecurity measures.
- Collaborated with academic institutions to publish findings in peer-reviewed journals.
- Presented research at national and international conferences.
- Engaged in cross-functional teams to implement research insights.
- Managed grant-funded projects focused on biosecurity advancements.

### AQUACULTURE BIOSECURITY COORDINATOR

Aquaculture Safety Agency

2014 - 2016

- Coordinated biosecurity initiatives across various aquaculture operations.
- Conducted training sessions for staff on biosecurity policies.
- Assessed biosecurity compliance and developed improvement plans.
- Collaborated with regulatory bodies to enhance biosecurity regulations.
- Utilized statistical analysis to evaluate biosecurity program effectiveness.
- Engaged in community outreach to promote biosecurity awareness.
