# MICHAEL ANDERSON

## NUTRITION MANAGER

Dedicated Aquaculture Nutrition Specialist with a comprehensive background in formulating specialized diets for high-value aquatic species. Possesses a robust understanding of the nutritional requirements and feeding behaviors of various fish and shellfish species. Proven ability to apply scientific principles to ensure optimal growth performance and health outcomes. Experienced in managing large-scale feed trials and collaborating with aquaculture producers to implement effective feeding strategies.

## **PROFESSIONAL EXPERIENCE**

### **Premier Aquaculture Ltd.**

*Mar 2018 - Present*

#### Nutrition Manager

- Oversaw the formulation of specialized diets for multiple aquatic species.
- Managed large-scale feeding trials to evaluate diet efficacy.
- Provided technical support to aquaculture producers on feed management.
- Conducted workshops to train staff on nutrition and feed application.
- Collaborated with veterinarians to monitor fish health and nutrition.
- Analyzed feed performance data to refine dietary formulations.

### **Oceanic Feed Solutions**

*Dec 2015 - Jan 2018*

#### Aquaculture Nutrition Technician

- Assisted in the development of feed formulations for aquaculture.
- Conducted laboratory analyses to assess ingredient quality.
- Supported field trials to monitor feed performance in aquaculture environments.
- Gathered data on fish growth rates and feed conversions.
- Prepared reports summarizing trial outcomes for management review.
- Engaged with suppliers to ensure quality control of feed ingredients.

## **ACHIEVEMENTS**

- Improved feed conversion ratios by 10% through effective diet formulations.
- Developed a training program that increased staff competency in nutrition.
- Recognized for contributions to innovative feeding strategies at regional conferences.
