# MICHAEL ANDERSON

## LEAD QUALITY ASSURANCE MANAGER

Strategically minded Aquaculture Quality Analyst with more than 12 years of experience in the seafood industry, focusing on quality assurance and operational excellence. Expertise in developing and managing quality control systems that ensure product safety and regulatory compliance. Proven ability to lead analytical projects that drive quality improvements and enhance operational efficiency.

## **PROFESSIONAL EXPERIENCE**

### **Sustainable Seafood Corp.**

*Mar 2018 - Present*

Lead Quality Assurance Manager

- Oversaw the implementation of quality assurance protocols across multiple facilities.
- Conducted comprehensive risk assessments to identify potential quality issues.
- Developed and maintained key performance indicators for quality metrics.
- Led training sessions for staff on new quality initiatives.
- Collaborated with R&D to develop innovative quality solutions.
- Presented quality reports to executive management on a quarterly basis.

### **Aquatic Innovations**

*Dec 2015 - Jan 2018*

Quality Analyst

- Executed quality assessments on incoming and outgoing seafood products.
- Utilized statistical software to analyze quality control data.
- Developed corrective action plans for identified non-conformities.
- Conducted training for production staff on quality assurance practices.
- Participated in industry conferences to stay updated on best practices.
- Created detailed documentation for quality processes and standards.

## **ACHIEVEMENTS**

- Achieved a 40% reduction in quality-related complaints through enhanced training programs.
- Successfully led a project that improved product traceability systems.
- Recognized as 'Quality Champion' for outstanding leadership in quality initiatives.
