SKILLS

- Freshwater ecology
- statistical analysis
- community engagement
- GIS
- conservation education
- research support

LANGUAGES

- English
- Spanish
- French

EDUCATION

**M.SC. IN FRESHWATER ECOLOGY,
UNIVERSITY OF NATURE STUDIES, 2015**

ACHIEVEMENTS

- Implemented a successful community engagement initiative, increasing local participation by 30%.
- Published 5 articles in peer-reviewed journals on freshwater conservation.
- Secured \$200,000 in funding for local conservation projects.

WORK EXPERIENCE

AQUATIC CONSERVATION SPECIALIST

Freshwater Alliance

2020 - 2025

- Conducted ecological assessments of lakes and rivers to determine health status.
- Developed and implemented community-based conservation initiatives.
- Utilized GIS tools for spatial analysis of aquatic habitats.
- Engaged stakeholders in conservation planning and decision-making.
- Authored reports on freshwater health, influencing policy changes.
- Organized educational workshops for local schools on aquatic ecology.

RESEARCH ASSISTANT

Aquatic Science Lab

2015 - 2020

- Assisted in field research on aquatic species and habitat assessments.
- Analyzed water quality data to support research projects.
- Participated in outreach programs to educate the public on water conservation.
- Co-authored research papers on freshwater ecosystems.
- Supported data management and analysis for ongoing research.
- Contributed to grant writing efforts for funding opportunities.
