

# MICHAEL ANDERSON

Assessment Coordinator

Dedicated Assessment Coordinator with over 9 years of experience in the higher education sector, focusing on assessment strategies that support academic achievement and institutional effectiveness. My expertise lies in developing comprehensive assessment frameworks that guide faculty in evaluating student learning outcomes. I have a proven ability to analyze assessment data to inform curriculum improvement and strategic planning.

## WORK EXPERIENCE

### Assessment Coordinator

2020-2023

State University

- Developed a comprehensive assessment plan that resulted in a 20% increase in student learning outcomes.
- Collaborated with faculty to align program assessments with accreditation standards.
- Utilized assessment data to improve curriculum design and instructional strategies.
- Facilitated workshops on effective assessment practices for faculty development.
- Managed assessment submissions for accreditation reviews, ensuring compliance with institutional standards.
- Conducted regular evaluations of assessment processes, making recommendations for improvements.

### Assessment Analyst

2019-2020

Community College

- Assisted in the development of student learning outcome assessments across various academic programs.
- Analyzed assessment data and provided reports to faculty and administration, guiding decision-making.
- Coordinated the assessment schedule, ensuring timely completion of evaluations.
- Worked with faculty to refine assessment methods based on data analysis.
- Participated in accreditation processes, preparing documentation and reports.
- Conducted training sessions on assessment best practices for new faculty.

## ACHIEVEMENTS

- Improved student retention rates by 15% through enhanced assessment strategies.
- Recognized for excellence in service to the academic community with a university-wide award.
- Contributed to a successful accreditation review, resulting in a 10-year accreditation renewal.
