### SUMMARY

As an accomplished Assessment Researcher with over 8 years of experience in educational assessment and evaluation, I have a proven track record of developing and implementing assessment tools that enhance learning outcomes. My background includes working with diverse populations, which has equipped me with the skills to create fair and equitable assessment strategies.

---

### WORK EXPERIENCE

#### Senior Assessment Researcher National Assessment Center

Jan 2023 - Present

- Led a team in the design and validation of state-wide assessments for K-12 education.
- Conducted psychometric analyses to ensure the reliability and validity of assessment data.
- Collaborated with educators and stakeholders to refine assessment frameworks aligned with learning objectives.
- Utilized statistical software (SPSS, R) to analyze large datasets and present findings to diverse audiences.
- Developed training materials and workshops for educators on effective assessment practices.
- Monitored and evaluated the impact of assessments on student learning outcomes, resulting in a 15% increase in average scores.

#### Assessment Specialist EdTech Innovations

Jan 2020 - Dec 2022

- Designed interactive online assessments that increased student participation by 30%.
  - Analyzed user feedback to improve the usability of assessment tools.
  - Worked closely with software developers to integrate assessment features into educational platforms.
  - Conducted pilot studies to evaluate the effectiveness of new assessment methodologies.
  - Presented research findings at national conferences to share innovative assessment strategies.
  - Facilitated focus groups with teachers and students to gather insights for continuous improvement.
- 

### EDUCATION

#### Master's in Educational Psychology, University of Illinois, 2015

Sep 2019 - Oct 2020

---
