- Improved student retention rates by 15% through data-driven program improvements.
- Recognized as Employee of the Year for outstanding contributions to program evaluations.

Michael Anderson

EVALUATION RESEARCHER

As a passionate Assessment Researcher with 6 years of experience in the nonprofit sector, I focus on evaluating educational programs that serve underprivileged communities. My expertise lies in developing assessment tools that measure program effectiveness and drive improvements in service delivery. I have a background in both qualitative and quantitative research methodologies, enabling me to capture comprehensive data that informs program design and implementation.

EXPERIENCE

EVALUATION RESEARCHER

Education for All Foundation

2016 - Present

- Developed and implemented assessments for educational programs targeting low-income students.
- Conducted focus groups and interviews to gather qualitative data on program impact.
- Analyzed assessment data to provide insights on program improvements.
- Collaborated with educators and community leaders to ensure assessments meet local needs.
- Presented evaluation findings to the board, influencing funding allocations for future projects.
- Managed a team of interns in data collection and analysis activities.

RESEARCH ASSISTANT

Community College Initiative

2014 - 2016

- Supported the evaluation of adult education programs through data collection and analysis.
- Conducted surveys to assess student engagement and learning outcomes.
- Assisted in preparing reports that communicated findings to stakeholders effectively.
- Worked closely with faculty to align assessments with curriculum objectives.
- Facilitated workshops to train educators on effective assessment practices.
- Contributed to grant proposals by providing data-driven insights on program effectiveness.
