MICHAEL ANDERSON

ASSET MANAGEMENT ENGINEER

Proactive Asset Management Engineer with 5 years of experience in the technology sector, specializing in software and hardware asset management. Proven ability to manage asset lifecycles, optimize software licensing, and ensure compliance with vendor agreements. Strong analytical skills and experience in utilizing asset management tools to support IT operations. Adept at collaborating with IT departments to align technology assets with business goals.

PROFESSIONAL EXPERIENCE

Tech Innovations Inc.

Mar 2018 - Present

Asset Management Engineer

- Managed software asset inventories, achieving 100% compliance with licensing agreements.
- Implemented an asset management tool that improved tracking efficiency by 40%.
- Collaborated with IT teams to analyze software usage, uncovering opportunities for cost savings.
- Conducted audits of hardware assets, ensuring accurate records and minimizing losses.
- Developed documentation for asset management processes, enhancing organizational standards.
- Trained staff on best practices for software asset management, improving compliance awareness.

Digital Solutions Ltd.

Dec 2015 - Jan 2018

Junior Asset Management Engineer

- Assisted in the implementation of asset management software, contributing to a 30% increase in asset visibility.
- Supported the asset lifecycle management process, ensuring timely updates and renewals.
- Monitored software licenses and identified over-allocations, leading to cost reductions.
- Created reports on asset performance metrics for review by senior management.
- Participated in vendor negotiations to secure better licensing terms.
- Provided training to new staff on software asset management tools and procedures.

ACHIEVEMENTS

- Achieved 100% compliance in software licensing audits conducted over two consecutive years.
- Reduced software costs by 25% through effective license management strategies.
- Recognized as 'Employee of the Month' for outstanding contributions to asset tracking initiatives.
