EDUCATION

**MASTER OF SCIENCE IN AUDIOLOGY,
STATE UNIVERSITY, 2013**

ACHIEVEMENTS

- Increased patient retention rates by 30% through personalized follow-up care.
- Recognized for excellence in patient education at the annual audiology conference.
- Successfully managed a caseload of over 200 patients annually.

PROFILE

Results-driven audiologist with a focus on adult audiology and a solid foundation in hearing rehabilitation. With over 8 years of experience, I excel in providing thorough assessments and creating tailored treatment plans that enhance patients' communication abilities and overall quality of life. I have extensive experience in fitting and adjusting hearing aids and assistive devices, ensuring optimal performance for my patients.

EXPERIENCE

ADULT AUDIOLOGIST

Hearing Wellness Center

2016 - Present

- Conducted comprehensive audiological evaluations for adult patients.
- Developed customized hearing rehabilitation plans to meet individual needs.
- Fitted and programmed hearing aids and assistive listening devices.
- Provided ongoing patient support and follow-up consultations.
- Educated patients about hearing health and preventive measures.
- Implemented group workshops to enhance community awareness of hearing loss.

AUDIOLOGY INTERN

State University Hospital

2014 - 2016

- Assisted licensed audiologists in conducting diagnostic assessments.
- Performed hearing screenings and documented patient progress.
- Engaged with patients to explain procedures and provide comfort.
- Learned to fit and maintain hearing aids under supervision.
- Participated in team meetings to discuss patient care strategies.
- Contributed to research projects focused on auditory processing disorders.
