### SKILLS

- Energy Management
- Automation Systems
- Project Coordination
- Data Analysis
- Sustainability Practices
- Client Engagement

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

**BACHELOR OF SCIENCE IN ENVIRONMENTAL ENGINEERING, GREEN UNIVERSITY, 2016**

### ACHIEVEMENTS

- Reduced energy consumption by 25% through innovative system designs.
- Played a key role in a project that received an environmental excellence award.
- Successfully implemented an energy management system that improved efficiency.

### WORK EXPERIENCE

#### AUTOMATION ENGINEER

Green Energy Solutions

2020 - 2025

- Designed automation systems for solar energy installations.
- Oversaw the integration of smart grid technologies into existing systems.
- Conducted energy audits to identify efficiency improvements.
- Collaborated with engineering teams to develop innovative solutions.
- Managed project timelines and budgets effectively.
- Engaged with clients to align project goals with sustainability objectives.

#### JUNIOR AUTOMATION ENGINEER

EcoTech Innovations

2015 - 2020

- Assisted in the design of automated systems for energy storage solutions.
- Performed data analysis to optimize system performance.
- Supported project management activities and documentation.
- Participated in team meetings to discuss project progress.
- Engaged in troubleshooting and system maintenance.
- Contributed to sustainability reports for clients.
