SKILLS

- Selenium
- Java
- JIRA
- Test Automation
- Agile
- Quality Assurance
- Performance Testing
- Regression Testing

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER SCIENCE, STATE COLLEGE, 2015

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Increased test automation coverage by 40% in one year.
- Received 'Employee of the Month' for exceptional performance in testing.
- Contributed to a project that improved application performance by 20%.

Michael Anderson

QUALITY ASSURANCE ENGINEER

A dedicated Automation Quality Engineer with over 7 years of experience in quality assurance and test automation. Skilled in analyzing complex software systems and developing automated testing solutions that ensure product quality and reliability. Demonstrates a strong understanding of software development processes and methodologies, with a focus on Agile practices. Proven ability to work effectively in collaborative environments, contributing to team success through clear communication and proactive problem-solving.

EXPERIENCE

QUALITY ASSURANCE ENGINEER

TechCorp Solutions

2016 - Present

- Designed and implemented automated test scripts using Selenium and Java.
- Executed functional, regression, and performance testing on multiple applications.
- Collaborated with development teams to identify testing requirements and scope.
- Utilized JIRA for defect tracking and reporting.
- Participated in sprint planning and retrospectives to align testing efforts.
- Developed testing documentation and reports for stakeholders.

JUNIOR AUTOMATION TESTER

Innovative Technologies Inc.

2014 - 2016

- Assisted in the development of automated test scripts for web applications.
- Performed manual testing to identify defects and ensure quality.
- Participated in team meetings to discuss testing status and challenges.
- Contributed to the maintenance of test environments and configurations.
- Documented test cases and results for review.
- Supported senior engineers in implementing automation strategies.
