SKILLS

- Selenium
- LoadRunner
- Postman
- JIRA
- Agile
- Test Automation

EDUCATION

BACHELOR OF SCIENCE IN INFORMATION SYSTEMS, UNIVERSITY OF TECHNOLOGY, 2015

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Achieved a 90% defect-free rate on major software releases.
- Recognized for excellence in automating complex testing scenarios.
- Successfully led a project that reduced testing time by 30%.

Michael Anderson

SENIOR AUTOMATION ENGINEER

A proactive Automation Testing Engineer with 7 years of experience in the telecommunications sector, specializing in the automation of complex systems and applications. Expertise in developing and implementing automated test solutions that improve the efficiency and effectiveness of testing efforts. Proficient in a variety of testing tools including Selenium, LoadRunner, and Postman, with a strong focus on performance and functional testing.

EXPERIENCE

SENIOR AUTOMATION ENGINEER

Telecom Innovations Ltd.

2016 - Present

- Designed and executed automated test scripts for telecom applications using LoadRunner.
- Collaborated with development teams to integrate testing into the Agile workflow.
- Conducted performance testing to ensure system scalability and reliability.
- Utilized Selenium for functional testing of web applications.
- Mentored junior testers and provided training on automation tools.
- Maintained detailed testing documentation and reports for stakeholders.

AUTOMATION TESTING SPECIALIST

Broadband Solutions Inc.

2014 - 2016

- Executed automated test cases for various telecommunications software.
- Participated in requirement analysis and test case development.
- Utilized JIRA for defect tracking and management.
- Conducted regression testing following software updates.
- Analyzed test results and communicated findings to development teams.
- Assisted in continuous improvement initiatives for testing practices.
