

Michael ANDERSON

INTERIOR CAD ENGINEER

Motivated Automotive CAD Engineer with a specialization in the design of automotive interiors and ergonomics. Over 7 years of experience in creating innovative, user-centered designs that enhance the driving experience. Proficient in utilizing CAD software to produce detailed models and drawings that meet aesthetic and functional requirements. Strong ability to collaborate with cross-functional teams, including industrial designers and engineers, to ensure cohesive product development.

SKILLS

- AutoCAD
- SolidWorks
- User-Centered Design
- Ergonomics
- Project Management
- Prototyping

LANGUAGES

- English
- Spanish
- French

EDUCATION

BACHELOR OF ARTS IN INDUSTRIAL DESIGN, RHODE ISLAND SCHOOL OF DESIGN, 2014

ACHIEVEMENTS

- Recognized for excellence in design at the annual automotive design awards.
- Successfully led a team project that improved interior space utilization by 30%.
- Contributed to a design that was featured in a major automotive magazine.

WORK EXPERIENCE

INTERIOR CAD ENGINEER

LuxAuto Designs

2020 - 2025

- Designed ergonomic interior components using AutoCAD and SolidWorks.
- Collaborated with design teams to create user-friendly layouts and features.
- Conducted user research to inform design decisions and enhancements.
- Managed project timelines and deliverables to ensure timely completion.
- Participated in prototype testing to evaluate design effectiveness.
- Documented design specifications and changes throughout the project lifecycle.

CAD DESIGNER

AutoStyle Creations

2015 - 2020

- Developed CAD models for various automotive interior components.
- Assisted in design reviews and provided feedback on interior aesthetics.
- Utilized rendering software for visual presentations of design concepts.
- Coordinated with manufacturing teams to ensure design feasibility.
- Maintained design documentation and records for compliance.
- Engaged in continuous improvement initiatives to enhance design processes.
