MICHAEL ANDERSON

QUALITY ASSURANCE SPECIALIST

Dedicated Automotive Quality Engineer with extensive experience in quality control and assurance within the automotive manufacturing sector. Over 5 years of hands-on experience in implementing quality standards and processes to ensure product excellence. Skilled in conducting inspections, audits, and testing to maintain compliance with industry regulations. Proficient in utilizing quality management software and statistical tools to monitor production quality and drive improvements.

PROFESSIONAL EXPERIENCE

Premier Auto Manufacturing

Mar 2018 - Present

Quality Assurance Specialist

- Conducted inspections on automotive parts and assemblies to ensure quality standards.
- Assisted in the development and implementation of quality assurance protocols.
- Performed data analysis on quality metrics to identify trends and issues.
- Collaborated with production teams to resolve quality concerns in real-time.
- Maintained documentation related to quality control processes and results.
- Participated in training sessions to promote quality awareness among staff.

Automotive Innovations Inc.

Dec 2015 - Jan 2018

Quality Control Technician

- Executed quality control tests on incoming materials and finished products.
- Documented inspection results and maintained accurate records.
- Collaborated with engineering teams to develop testing protocols.
- Assisted in root cause analysis for production defects.
- Participated in quality audits to ensure compliance with standards.
- Provided feedback to production teams regarding quality issues.

ACHIEVEMENTS

- Improved inspection process efficiency by 25% through workflow optimization.
- Recognized for outstanding performance in quality audits with zero non-conformances.
- Trained 15 new employees on quality assurance processes and standards.
